**Abbexa** is a leader in specialty antibodies, proteins, ELISA kits, and other reagents for life science research. They have made a difference to researchers worldwide by providing excellent-quality products. Based at the world-renowned Cambridge Science Park in Cambridge, UK, they supply and distribute biological tools for the life sciences, pharmaceutical development, and biotechnology sectors. **Abbexa** provides the scientific community with a wide variety of laboratory tools, including primary antibodies, secondary antibodies, and proteins. Working with various laboratories across the world, they have developed relevant, high-quality, tested products for the biomedical research market. **BTL Biotechno Labs Pvt. Ltd.** is the exclusive distributor of **Abbexa** in **India**. We are committed to being the most reliable supplier for life science research products in the entire Indian market and serving the scientific community by providing innovative, reliable, and high-quality research products at an affordable price.

As a distributor of **Abbexa** in **India**, we provide their complete product range, including primary antibodies, secondary antibodies, isotype control, proteins and peptides, ELISA kits, CLIA kits, rapid test kits, assay kits, small molecules, RNA interference products, reagents and tools, blood products, etc., to the scientific community at the best price.
